NVQ Circular: 06/2012

Equivalence of National Certificate in Technology (NCT) – Mechanical programme to NVQ Level 5

National Certificate in Technology (NCT) – Mechanical, is a three year part-time programme, conducted by the Department of Technical Education & Training (DTET) for those who are employed in the relevant fields. Practical experience is expected to be gained through full-time work experience during the course.

On the request of the DTET, NCT (Mechanical) programme was mapped with NVQ Level 5. The mapping was performed by a Subject Specialist and his report was verified by a panel of Chartered Mechanical Engineers. After forwarding the recommendations the Governing Council of the Commission approved to equate NCT (Mechanical) programme into NVQ Level 5, subject to following conditions.

- I. Candidates who seek NVQ equal qualification for NCT (Mechanical) shall pass in all subjects at the final examination
- II. As it is difficult to obtain practical experience in all mechanical disciplines, candidates shall acquire experience in one or many of the following fields,
 - a) Automobile Technology
 - b) Production Technology
 - c) Ref & Air Technology
- III. Relevancy of the practical experience will be evaluated by a panel of Chartered Mechanical Engineers at a professional review
- IV. Equivalence certificate shall carry the area of experience based on the recommendations of the panel
- V. Since NCT programmes are expected to convert into NVQ programmes from 2013, this mapping would be valid for NCT candidates who enroll and successfully complete the programme in 2012 or before

NCT candidates are requested to follow instructions given below in order to obtain NVQ Level 5 equivalent certificates.

- A. Submit a formal request with a certified copy of the final NCT certificate issued by the DTET and experience certificates as indicated above
- B. All candidates have to appear for a professional review to verify the documents and for any other clarifications that deemed to be required by the review panel
- C. Sum of LKR 2000.00 will be levied from the candidate for processing of individual application and cost of professional review.
