NVQ Circular 05/2011

Policy for Mapping of Non-NVQ qualifications to NVQ Levels

NVQs are competency based qualifications and many non NVQ curricula are not learning outcomes based and sometime they are not well written. Therefore, Mapping of a non NVQ course to NVQ level is a difficult exercise. Further, mapping needs services of the experts in the industry and therefore, it needs about 6 months duration and cost about Rs 50,000/= In consideration of above facts, the Governing Board of TVEC at the meeting held on 21st September 2011 has approved the following policies for Mapping of non-NVQ craft level certificates to NVQ Levels

Craft Level Certificates

No non NVQ craft certificate will be mapped to NVQ levels. Non NVQ Craft certificate holders have to get NVQ qualification through RPL assessment.

Diploma Levels

RPL assessments are not facilitated for NVQ level 5 & 6 and therefore following procedure will be followed for mapping diploma level programmes.

1. Only NCT, NDT, NDES, HNDE, Dip in Agriculture and Diploma in Livestock Development will be mapped to NVQ Levels
2. No other diploma would be mapped to NVQ levels. Other diploma holders have to apply to the Committee for Equating and Validating of Certificates and Diplomas of NAITA and get their diplomas equated to one of above diplomas specified in section 1. Other diploma gets the NVQ levels of the equated course if they satisfied following conditions.
 - Course should have been conducted under TVEC registration.
 - In case of foreign qualification, it should be recognized in the country of origin for employment.
